

WINTER SCREEN-WASH

Wynn's Super Concentrated WINTER SCREENWASH is a highly concentrated cleaning and anti-freeze product for windshield washer systems.

PROPERTIES

- Protects the screen-wash system against freezing down to -70°C.
- As it is super concentrated, the product ensures very strong protection even at high dilution.
- Cleans windshields and headlamps.
- Does not attack paint or rubber.
- Leaves no white marks on the bodywork.
- Does not cause reflections on the windows.
- Causes no smears on the windows.

APPLICATIONS

All spray washer equipment of cars, buses, trucks and other vehicles.

DIRECTIONS

Add the product pure or diluted to the tank of the washer system.
