HYDROALCOHOLIC SURFACE CLEANER

Clean all the Touchpoints

Wynn’s Sani Safe Hydroalcoholic Surface Cleaner is specially formulated to clean different surfaces present in the interior/exterior of the vehicle, including the dashboard, steering wheel, gear lever, exterior and interior handles, buttons and touch screens, mirrors, keys, handbrake, glove compartment, etc.

For use on plastics, metals, glass, and most hard surfaces. Also effective in the synthetic textile part of the vehicle (not recommended for regular use on leather and Alcantara fabrics).

Properties

✓ Hydroalcoholic formulation, above 85% of alcohol.
✓ Cleaning sensitive surfaces without scratching.
✓ Free of ammonia and perfumes.
✓ Removes all contamination and cleans thoroughly without leaving residue.
✓ Formulated with a specific Anti-Static agent to prevent or minimize the accumulation of contamination on surfaces.

Applications

✓ Suitable for use on all types of plastic surfaces and flat and plasma screens, LCD (common in the new digital dashboards).
✓ Compatible with delicate surfaces, such as coated screens (e.g. anti-reflection coatings) according to our best knowledge and experience.
✓ It is also effective on textile materials.

Directions

✓ Spray the product directly on the surface to be cleaned from 20-30cm distance.
✓ Allow the product to act for 30 to 60s, then wipe the surface with a clean dry cloth.
✓ Do not allow product to dry on surfaces, wipe for perfect finish.
✓ For delicate or when nearby surfaces need to be avoided it is recommended to apply the product directly onto a cloth, then gently wipe the area to be cleaned.
✓ When cleaning electrical items, first turn off the item and ensure they are cool before cleaning. It is recommended in any case to always follow the instructions given by the manufacturer of the device you want to clean.
✓ Ventilate the cabin before using the vehicle.
